

Vyshnav P V

Flutter Developer

+91 9037427910 @ vyshnavpv77@gmail.com vyshnavweb.xyz Bangalore

SUMMARY

Motivated and quick-learning Flutter Developer with a strong foundation in Dart and mobile app development. Completed multiple academic and personal projects using Flutter, with a focus on clean UI, smooth performance, and effective problem-solving. Eager to grow in a professional environment and contribute to real-world applications.

PROJECTS

Personal Website

- URL: vyshnavweb.xyz

Developed a fully responsive personal website using HTML, CSS, JavaScript, Bootstrap to showcase my projects, and resume. Integrated GitHub projects, contact form.

Money Manager Application

- URL: <https://vyshnav121.github.io/Money-Manager-App>

Developed a Flutter-based Money Manager app to track income and expenses with categorized transactions, charts, and offline support. Implemented local storage using Hive and used Provider for state management.

Colour Picker

- URL: <https://vyshnav121.github.io/Colour-Picker>

Developed a responsive Colour Picker web application using HTML, CSS, and JavaScript. Real-time color selection using sliders or HEX/ RGB input. Copy-to-clipboard functionality for color codes. Color palette generator and preview section Simple, minimalist UI with mobile responsiveness
